

YYZ EMPLOYEE PARKING: SOCIAL DISTANCING

As many of you may already know, airport employees will be able to use the parking faculties at Terminal 1 parking garage until further notice. This change is permitted due to a significant decrease in passenger volumes. This measure is temporary and will be reassessed once passenger capacity increases. Any changes will be communicated in future, whereby employee parking will return back to the Viscount parking garage.

How do I get there?

Follow the signage for Terminal One, as a revenue customer would. You can access the terminal parking from either the Departures Level or the Arrival Level.

What section of the parking garage are we permitted to park in?

Please be mindful that when you approach the access gates that there are two sections of parking at the terminal, known as 'Daily' and 'Express'. **Employee parking is permitted in the DAILY section only. 'Daily' parking levels range from Level 2 up to Level 8.**

How do I get through the access gate?

The GTAA has programmed your current parking card to access the Terminal One parking garage. Should you have any difficulty, please use the intercom button at the gate to speak to the security officer and advise that you are an Air Canada Airports employee.
