## “Hi, it’s Lillian at CUPE!”

---

That’s me you hear answering the phone at Local 4092, though sometimes I get called Liane, Elaine or even Celine! **Lillian Speedie-Court**, YYZ based FA, BL & GE qualified, 19 years service, with **union experience dating back to 2003** when I first got elected as a VP at the local. I’ve played many different roles over the years, including **Component Vice President** from 2009-2011 and full time **Local VP** since 2015. I’ve worked on a number of portfolios including discipline, scheduling and meal grievances, pairing reviews & PBS work. I’ve also been trained as a Strike Captain, attended ACCEX meetings, negotiated contract and pension issues in 2009, represented many members in disciplinary meetings and, most recently I have joined the **Benefits Committee**. I also have 2 kids, which led me to be the **local expert on childcare, maternity and women’s issues**. Since 2015, I have been taking care of the [www.local4092.ca](http://www.local4092.ca) **website** and overseeing the **communications and emails** from the local. My goal is to create a well rounded, succinct and interesting bulletin that is easy-to-read, relevant and informative. I try to share with you issues that arise through our day to day operations in the office, new trends we see in discipline and scheduling, as well info about ongoing social and legal issues.

Over the years I have been proactive with my education as CUPE rep by attending **CUPE Convention 3** times and attending courses on **the legalization of cannabis, Social Media, duty to accommodate and Labour Law**, just to name a few. These are **vital** to stay sharp and knowledgeable, and a great way for me to learn the answers to the tough questions you pose on a daily basis!

I have recently joined the **Benefits Committee** to better position myself to assist you with our health plans/ Claim Secure and develop relationships with administrators within the Company. I am also further educating myself about **pensions**, always a critical for issue for all and – if elected -- I would like to **add this responsibility to my portfolio**.

One of my goals is to reinstate **educational seminars** before every local meeting, something I first implemented in 2007. I hope holding seminars will **encourage new members** to come to meetings and get involved. Meetings are more lively and more issues come to light when new members attend.

I hope you will vote for me and let me continue to use my **passion, experience and knowledge** to represent your interests at Local 4092!
