### Local Meeting, Reconfiguration, Long Range Flying & A Better Plan for Us All

#### Membership Meeting

A general membership meeting will be held on June 15, 2016 at the Sheraton hotel in Terminal 3 from 13:00 to 16:00 in the Basel Room. All are welcome! The agenda will include a review of amended by laws and the annual budget.

Please note the local office will be closed.

Also, the office will be closed Tuesday June 14, 2016 to allow local officers to attend a training session with the Company to update us on Air Canada's new Service Director training, tools & expectations.

#### Reconfiguration Complete

All Air Canada classic B777s have been reconfigured to the "dream" cabin configuration, except for the B777P FINs. With the 1:40 ratio for wide body negotiated in the Collective Agreement, you should see an augmented crew. This means that on B777-300 aircraft (400 pax) you should have a crew of 10 and on the B777-200 (300 pax) you should have a crew of 8. B777P remain unchanged with a crew of 12. Additional crew are added for B14, LOU 18 & LOU22 flights.

If you notice that you do not have the full crew, please advise scheduling ASAP. Should the additional crew not be provided prior to departure, get as much information as you can from scheduling about the short crewing then report it to the local at [office@local4092.ca](mailto:office@local4092.ca).

#### Globe Notifications

Just a reminder to members that if you are using Globe to monitor changes to your schedule you must follow up with a call to scheduling to confirm the assignment. You can only be informed of a new assignment through direct contact with a crew scheduler.

#### Long Range Flying & On Board Crew Rest

Please continue to submit reports if you are not able to get sufficient onboard crew rest on long range flights. We have

Denis Montpetit  
President, Local 4092

received some reports but we need to have ongoing documentation over a longer period of time to establish a trend.

### **GTAA Meeting for all Workers**

All airport workers are welcome to attend the next Workers' Council meeting with the GTAA on 16 June at 14:00 in the TCAT Room, Terminal 1 on the 2<sup>nd</sup> floor ( enter via the doors near **TO**'s).

The airport facility concerns of air crew are quite different from those working on the ground and inside the airport. Come to find out about issues such as renovations, parking, Health and Safety, food and workers' rights. The meetings give workers the opportunity to have a say in what goes on at Pearson.

### **All Out for Decent Work –Let's Make it Fair**

In the next few days the interim report of the Changing Workplace Review will be released. This will open up public debate on the need to fix Labour Laws that have been failing many workers.

On Saturday October 1 there will be a mass rally at Queens Park to call on the government to take bold steps to improve worker's lives. The event leads up to the World Day for Decent Work which is gaining ground as an international celebration by the Global Trade Union movement.

Will Labour laws be fixed so workers can join a union without fear of reprisal?

Will contract flipping be regulated to protect workers' rights?

Will Employment Standards be improved?

Will temp agency work be transformed into good jobs?

If you want the answers to be yes – come to Queen's Park on October 1<sup>st</sup> to raise your voice for decent work!

### **The Canadian Pension Plan – A Better Plan for All**

A campaign to raise awareness about the need for a universal expansion of the Canada Pension Plan (CPP) highlights the crisis that Canada is facing. It demonstrates how strengthening the Canada Pension Plan is the best solution for Canadians retiring now and in the future. At [abetterplanforall.ca](http://abetterplanforall.ca), Canadians are invited to learn more about the Canada Pension Plan, and to send a message to federal and provincial policy makers, who are currently discussing options for CPP expansion.
