SWITCHING DAYS OFF (B8.08.01.02)	<ul style="list-style-type: none"> When switching days off, it is important to note that you cannot end up with any fewer than 3 consecutive duty days between two separate periods of days off. See 6 and 1 rule below.

CALL-IN "C" DAYS (B8.13) (B8.27.03.01) (B8.27.03.03) (B8.29)	<ul style="list-style-type: none"> You are required to contact Crew Scheduling the night prior to the C-day (usually 20:00 to 23:00) even if you are on a day off or on vacation. If you are on crew rest, you may opt to call in upon the completion of your crew rest. Must contact crew scheduling at the end of your duty period. May be converted to "R" days at call-in time or any other time if contacted by crew scheduling. You may also be released until your next call-in time. Please note that if you are released, it does <u>not</u> reduce or affect your pay in anyway. It does <u>not</u> reduce your MMG or MML. A release is <u>not</u> the same as a personal leave of absence explained more in detail on page 5. If assigned a flight departing at 12:00 or later, you will be released until your report time the following day, unless crew scheduling specifies that your release only lasts until midnight on the day that you call-in. Crew scheduling may still change your flight assignment if they can reach you. If assigned a flight departing at 11:59 or earlier, you will be released until midnight on the day that you call-in. The Company will ensure that no more than 25 per cent of call-in reserves at Toronto, Montreal and Vancouver bases will be converted to ready reserve calculated on a monthly basis. The Company will ensure that no more than 25 per cent of call-in reserve at Calgary will be converted to ready reserve calculated on a quarterly basis.
READY RESERVE "R" DAYS (B8.30)	<ul style="list-style-type: none"> On call at all times except during legal crew rest. Once assigned a pairing, you may be released until your duty start time if the request is made to crew scheduling. You do not need to contact crew scheduling at the end of your duty period. If you have not been awarded an assignment, you can request a six (6) hour release for personal reasons if it is operationally practicable. Please note that if this release is granted, it does <u>not</u> reduce or affect your pay in anyway. It does <u>not</u> reduce your MMG or MML. A release is <u>not</u> the same as a personal leave of absence explained more in detail on page 5.
DATA LINKS / VOICEMAIL	<ul style="list-style-type: none"> Following an arbitrator ruling, a data-link is considered notification. A message left on a voicemail connected to one of the phone numbers listed in a crew members profile is considered notification. A message left with a family member or friend is not considered notification. During an irregular operation, even though you accept a Globe notification, you must still call crew sched to confirm the details of your assignment.
2.5 HOURS NOTICE	<ul style="list-style-type: none"> You will be given a min. of 2.5 hours notice prior to departure for flight assignments from home base. If less, you must make your best effort (safely of course) to make it to the flight. You must report to the airport. If you require more time to get to the airport, for example, if you live further away, you can

make the request for more time, i.e., 3 hours prior to departure for flight assignments. If Air Canada agrees, a notation will be placed in Crew Scheduling records to try to give you this extra time.

Monthly Limitations and Guarantees / Release at 77 Hours / Return-To-Base Extension / Personal leave of Absence

<p>MINIMUM MONTHLY GUARANTEE (MMG) (B8.12) (5.11.01) (5.11.03.02) (5.11.04.02)</p>	<ul style="list-style-type: none"> You are guaranteed to be paid a minimum of 75 hours per block month. Your MMG will be reduced by 2:25 hours per day when you fail to report for a flight, standby duty, have no sick days, or are unavailable while on reserve duty. This continues until the next scheduled duty day. When removed from the payroll for being unavailable for duty, a Reserve Blockholder may, on a non-inviolate day off which takes place during the removal, make himself/herself available for an entire day of reserve duty. The removal from the payroll shall cease on the day s/he has made himself/herself available, onwards. Your MMG will be reduced by 2:25 hours per day for personal leave of absence. **When requesting a personal leave of absence immediately before days off, please be aware that the leave of absence will extend through days off until your next duty day. Calculated as 2:25 hours per day for reduced block plan. See Article B8.12 where you can now make yourself available on a D-day for an entire day of reserve day to compensate for 2:25 reduction of MMG.
<p>MAXIMUM MONTHLY LIMITATION (MML) (B5.01.01) (B5.01.03) (B4.05.01)</p>	<ul style="list-style-type: none"> 80 hrs. 85 hrs 4 months per year. Your MML will be reduced by 2:10 hours per day for personal leave of absence. **When requesting a personal leave of absence immediately before days off, please be aware that the leave of absence will extend through days off until your next duty day.
<p>RELEASE AT 77 HOURS (B8.11.01) (B8.11.03)</p>	<ul style="list-style-type: none"> You may call to be released for the rest of the block month if you have 77 or more flying hours and have at least 2 more reserve duty days left. Crew scheduling may assign you a pairing when you call for a release if they have one available. They <i>must</i> assign it at this time and <i>cannot call you back or ask you to call them back later</i>. You will be released until the start of the pairing. The pairing may depart later in the month. If you are contacted on a day off, you can be drafted in accordance with Article B9. <i>You are not required to answer any calls if you have been released.</i>
<p>RETURN TO BASE EXTENSION (B5.01.05)</p>	<ul style="list-style-type: none"> This allows the Company to legally increase your hours to bring you back to home base in the same month by doubling the remaining flying time in your month. This applies to reduced block program. Once return to base extension has been applied, it can't be extended.

The premium will also be paid when employees exceed their absolute maximum duty period on an involuntary basis (for clarification involuntary means when the employee is not given the opportunity to volunteer to exceed their absolute maximum duty period or if the duty period is not projected to exceed the limitation prior to pushback; for example, due to a mechanical or weather delay or de-icing requirements or an unanticipated flight time, or some other unforeseen circumstance). This premium will be fifty percent (50%) of his/her regular rate of pay on all flight time credits involved in that duty period and will apply in all cases as provided above.

NOTE 1: The premium will apply to DPG

NOTE 2: The premium will be for pay purposes only

NOTE 3: The premium will apply to reserve employees

NOTE 4: Employees operating flights pursuant to Article B14 as well as pursuant to Letters of Understanding 18 and 22, may also volunteer for an extension premium.

NOTE 5: The duty period of any pairing in which the employee returns to the originating station, shall be governed by the duty period limitations of the originating station. For example, a pairing with the routing YYZ –LAX- YYZ shall have a duty period of 13 hours for the purposes of this article and for establishing eligibility for the premium to be paid; for further clarification, in the event this pairing left YYZ on time and returned, for any reason, to the YYZ arrival gate so that the 13 hour duty day was exceeded, the premium shall be paid.

Airport Standby

DUTY (B8.20) (B8.20.03) (B8.20.03)	<ul style="list-style-type: none"> Your duty day calculation starts at airport standby report time, even if you are assigned a flight. You may be assigned a flight departing within or after the 4-hour period. Standby will be for a maximum of 4 consecutive hours. If no flight assignment is made during the 4 hours, you will be released for legal crew rest. If you are on standby during a meal period as outlined in Article 7, you are entitled to the expense. You are not required to call Crew Sked to check in. You are only required to call Crew Sked to check out on a Call In day, (not on a Ready Reserve day).

If you are already at the airport because you are assigned to operate a pairing, and are then placed on airport standby because you are no longer required for that pairing (i.e. cancellation), that airport standby does not count towards your two per month. You may be assigned 1-hour airport standby at home base after a flight only if your duty period on arrival is 8 hours or less. 1-hour airport standbys do not count towards your two per month.
PAY (B8.20.04)	<ul style="list-style-type: none"> Many times, meal allowances are not accurately calculated when on airport standby, ensure that if you worked through a meal period the allowance is reflective on your pay.

Reserves can volunteer for a pairing that operates on an overlap into reserve days in the next month. However, hours flown into reserve days in your next reserve block month will be absorbed within your MMG and will not be paid over and above your 75-hour MMG. When operating a pairing on voluntary extension that overlaps from one reserve month into another reserve month or from a regular block month into a reserve block month, your maximum monthly limitation in the second reserve month does NOT get extended to 100 hours.

PBS Bidding Tips

RESERVE BLOCKING RULES	<ul style="list-style-type: none"> • 1/7 - This rule means that in any given 7-day period you must have a minimum of 1 day off. NOTE: Single days off on reserve are only permitted at the beginning and/or end of the block month or immediately before and/or after vacation. At all other times, days off will be in groups of 2 or more. • 4/14 - This means that in any given 14-day period you must have 4 days off. • 1/7 & 4/14 blocking rules apply to the entire current month as well as any overlapping period. • On reserve, ONLY 1 blocking rule may be waived, either 1/7 or 4/14, but not both.
DAYS ON/OFF Total 13 DAYS OFF (14 DAYS OFF in a 33-day block month)	<ul style="list-style-type: none"> • MINIMUM OF 2 DAYS OFF- Except at the beginning and/or end of the block month and immediately before and/or after vacation where you may have a single day off. • MINIMUM OF 3 DAYS ON - Except at the beginning and/or end of the block month where you may have one or two day(s) on. • MAXIMUM OF 6 DAYS ON - Unless 1/7 is waived in which case the maximum is <u>10</u>. • The only time you can have all of your 13 days off together is in the MIDDLE of the month.
GDOs	<ul style="list-style-type: none"> • 11 MAXIMUM (you may not exceed 3 “sets” of GDOs). • 0 MINIMUM • 6 DEFAULT (if you chose not to bid a specific number of GDOs, the system will default to 6). • Are awarded based on your Prefer Offs
BIDDING	<p>There are two types of bid groups <u>where bid lines may be added</u>:</p> <ul style="list-style-type: none"> • PAIRINGS BID GROUP - where you bid for and are awarded a series of pairings that make up a legal monthly block. • RESERVE BID GROUP - where you bid for the number of GDOs and Prefer Offs. <p>A third bid group, called AWARD RESERVE, is a stand-alone bid line and is used to direct PBS to your first RESERVE BID GROUP.</p> <p>Unless otherwise directed, PBS assumes that a BLOCK is more desirable than RESERVE. PBS starts reading your bid sheet from the top down so unless your first bid group is a numbered bid line that reads 1. AWARD RESERVE, PBS will attempt to award you a pairings block.</p> <p>If your first choice is a PAIRINGS block: bid for pairings using PAIRINGS BID GROUP. Back yourself up with more generic bid lines towards the end of your Pairings Bid Group. Do <u>NOT</u> direct PBS to your Reserve Bid Group by using <i>Else Start Next Bid Group (ESNBG)/Clear Schedule and Start Next Bid Group (CSSNBG)</i> with AWARD RESERVE as the next bid group. PBS will only read your RESERVE BID GROUP and assign a reserve block if a pairings block is not possible.</p> <p>Always BACK YOURSELF UP WITH a reserve bid by creating a RESERVE BID GROUP with Prefer Off requests.</p>

Reserve Handbook

<p>BIDDING (Cont'd)</p>	<p>If your <u>first choice</u> is a RESERVE block: you must request reserve. Add the AWARD RESERVE bid group as bidline 1. at the very top of your bid sheet. Since PBS starts at the top of your bid it will read this first and be directed to your first RESERVE BID GROUP. Remember to add a RESERVE BID GROUP to your bid sheet!</p> <p>If your choice is a RESERVE block <u>if a certain set of Award Pairings bid lines cannot create a legal block</u>: you would add <i>Clear Schedule and Start Next Bid Group (CSSNBG)</i> at the end of the desired Pairings bid group. The next sequentially numbered bidlines must be the AWARD RESERVE bid group followed by RESERVE BID GROUP.</p> <p>If your choice is to be awarded a RESERVE block <u>if an Avoid Pairings or Prefer Off bid line must be denied</u>: you would add <i>Else Start Next Bid Group (ESNBG)</i> to the appropriate negative bid line(s) with the AWARD RESERVE bid group as the very next bid group with a numbered bidline followed by RESERVE BID GROUP.</p> <p>To create a reserve bid, you would create a RESERVE BID GROUP and add your Prefer Off requests in order of priority. Remember that PBS will only read any RESERVE BID GROUP if a pairings block is not possible OR you have directed PBS to your AWARD RESERVE bid group using <i>Else Start Next Bid Group (ESNBG)/Clear Schedule and Start Next Bid Group (CSSNBG)</i> with AWARD RESERVE as a numbered bidline as the next bid group.</p> <p>Bidding a PATTERN on a reserve block will take priority over any Prefer Off requests placed below the Pattern. Therefore, if your DAYS OFF are <u>your highest priority</u>, make sure they are placed above any Pattern request.</p>

How to use this table:

1. Select the number of days you are available to work. This does NOT include vacation, leaves, etc.
2. Select the appropriate block month length column.
3. Intersect the two values. The #s at the intersection will tell you how many days off you will get on reserve and of those days off, the maximum # that can be GDOs.

Example:

You have 7 days vacation in a 30-day block month. You are therefore available for 23 days. Choose 23 in the "Available Working Days" column. Choose the "30-Days" column and intersect the two. You will get 10 days off, of which a Maximum of 8 can be GDOs.

If you need assistance with this table, please contact your Local PBS Committee
